Philosophy: *"Comprehensive and Precise"*

Instructor: Anthony J. Shin (신준섭)

Greetings,

My name is Anthony (B.Sc. Honours in Biochemistry, Year 3), and I possess over 2000 hours of teaching experience, coupled with a distinct approach, which assures the delivery of an unparalleled tutoring experience that is difficult to find elsewhere. I harbor a deep passion for each of my students, acknowledging their individuality and unique needs. I firmly believe that every student matters, and I am committed to ensuring their success through my teaching approach.

What Distinguishes My Tutoring Services From Others and Why Choose Me?

- Customized tutoring program with 5000+ personalized practice questions and exams tailored to meet each student's unique needs.
- Total Grade Makeover program focused on transforming study habits and helping students achieve their desired grades.
- Intensive word problem preparation to equip students with the skills needed to tackle application problems successfully.
- Advanced lectures to keep students ahead of their classes and reduce the need to catch up on school material.
- Tutoring services available in English, French, and Korean, with a bilingual (English and Korean) tutor experienced in teaching Chemistry in a French Immersion program.
- Google Classroom established to provide timely responses to student questions and concerns outside of regular sessions.

Tutoring Services Offered

Total Grade Makeover: This program consists of a 3-hour intensive weekly program designed to prepare students to achieve 90% or above in every exam. With lectures, homework assistance, weekly practice exams, 5000+ practice questions, computational skills training, written response training, and application word problems training, this program is designed to help students excel in their classes. *Rate: \$500/month*

SAT Math Preparation program: A 20-hour intensive course designed to guarantee a score of 770+/800 on the SAT Math sections. Taught by a tutor who scored in the 99th percentile internationally with 800/800 on SAT Math Level 2, completed the IB program with awards, and finished Calculus with an A+ in university. The program includes 10 hours of instruction based on the American curriculum, as well as 20 hours of real-exam-like practice exams and coaching with 1000+ practice questions. *Rate: \$1,000/program*

List of Subjects

❖ Mathematics K-9	❖ Sciences K-9	❖ Biology 30
